

# ERA-CLIM2 Symposium

14 December 2017 (University of Bern)

## Agenda

Thursday 14 December 2017 (9:15-18:30), Kuppelsaal, Main Building, University of Bern		
<b>0915-1315 ERA-CLIM2 – Climate Reanalyses and Services for Society (Symposium)</b>		
0915-0920	1. Welcome	Christian Leumann (Rector, Univ. Bern)
0925-0940	2. Introduction	Roberto Buizza
0940-1000	3. New Reanalyses for Society	Patrick Laloyaux
1000-1020	4. Ocean data assimilation for reanalysis	Matthew Martin
1020-1050 Coffee break		
1050-1110	5. Coupled Data Assimilation Methods	Andrea Storto
1110-1130	6. Observations for Reanalyses	Nick Rayner
1130-1150	7. Importance of Satellite Data	Jörg Schulz
1150-1210	8. Reducing uncertainties in reanalysis input and products	Leo Haimberger
1210-1230	Discussion	
1230-1430 Lunch break		
<b>European Reanalyses and Climate Change Monitoring</b>		
1430-1450	9. Developing a truly global framework for climate services: the GFCS	Michel Jarraud (former Secretary General of WMO)
1450-1510	10. Overview of ERA-CLIM2	Roberto Buizza
1510-1530	11. Reanalysis within Europe's Copernicus Initiative	Hans Hersbach
1530-1620 Coffee break		
1620-1640	12. The Swiss National Center for Climate Services	Bertrand Calpini (MeteoSwiss)
1640-1700	13. The European Union Sentinels	Jörg Schulz
1720-1720	14. The Global Climate Observing System (GCOS)	Carolin Richter (GCOS/WMO)
1720-1740	15. Reanalysis Stories	Stefan Brönnimann
1740-1830	Reception
